SANITATION DIST. 4 BOARD CHANGES ASSESSMENT DISTRICT BOUNDARIES

Board of Directors of Sanitation District Number four, yesterday closed public hearing for protests in relation to the proposed Sanitary Sewerage Project 1952-1 which includes the Casey Road, West Los Gatos and West Saratoga Areas and passed on the final recommendations of boundaries of the assessment district.

Boundaries of the Casey Road area were passed as orignally submitted. Two changes were made in the East Los Gatos and one change was made in the Saratoga area.

Board's approval of boundaries is contingent on receipt of a letter from Dr. Elwyn Turner, County Health officer declaring the areas set forth by the Board of Directors as within the limits of the critical health area.

The board requested that Turner's letter be sent to the board in time for the next meeting tomorrow at the Court House in San Jose.

D. A. Parrish and Son, contractors have agreed to go ahead with the project on the basis of their original bid with an additional $6,000 for an added eight inch rock fill.

Parrish's orignal low bid of $241,971.93 was submitted with the understanding that a four inch fill was required. He requested and was granted an additional $6,000 when he discovered specifications called for a twelve inch fill.

Don Reinoehl, district engineer, was requested to recompute the assessments based on the revised boundaries, which will necessitate an increase of individual assessments in those area where boundaries were changed.

ZONING MATTERS TO COME BEFORE CITY COUNCIL

Three zoning matters are scheduled for hearing at next meeting of Campbell City Council which meets Monday August 18 at Country Woman's Clubhouse at 8 p.m.

Zilpah Etter has applied for a permit to move a building 10x20 feet to the rear of her lot at 80 Sunnyside Avenue, to be converted to a living residence to be accupied by one person.

Monday night hearing will be held on the application of Campbell Union High School District to move the Scout Hall from its present site, on the West side of North third Street, on the Grammar School property to a lot on the Northeast corner of Grant and Third sts.

Also scheduled for next meeting is the application of the Orchard City Grange for a permit to use the Grange lot for parking. Lot is on the corner of Sanford and Fourth Streets and the Grange intends that it be used for a parking lot for Campbell Merchants.

ROTARY HEARS YANK'S VIEWS ON EUROPE

Speaker for the last Rotary meeting Monday at IOOF was Floyd Parton, president of the First Federal Savings & Loan Company of San Jose.

Parton gave his impressions of his visits to England, France, Germany and Switzerland in his talk entitled "An American Visits Europe."

"English economy is in a dangerously poor state," said Parton, "due to the critical dollar shortage." It is in the best interest of the American people that the U.S. support the British people financially because geographically, they constitute America's first line of defense.

"There are also strong ties of language, ancestry and tradition that bind us to the British, Parton said.

Parton's impression of France was one of amazement.

"The whole nation is so volatile and in such a state of constant flux that it is next to impossible to formulate any long range opinion as to their future actions," he said.

Parton said he was impressed with the German's hatred of Communism and their distrust of the Russian people and government, speaking of his visit to that country.

"The Germans realize they have just lost a war," Parton said, "and their primary concern is to raise themselves to a position of power again, even if they have to work night and day to do it."

Of his visit to Switzerland, Parton in his talk to Rotary members had nothing but the highest of praise for the people's industriousness, neatness, and potentialities.

LOCAL STORE CHANGES NAME

Cambrian Appliance, 611 San Jose-Los Gatos Road, is now operating under its new name, Rural Gas and Appliance Company, due to a recent incorporation with California Liquified Petroleum.

The store has just received a complete stock of washing machines, ranges, and ironers, from the East.

The store will be under the same ownership as formerly and no changes other than in name are contemplated.

HERB CAEN, S.F. columnist—"I'm told the word 'idiot' derives from the ancient Greek 'Itiotes', meaning people who don't hold public office. How times have changed!"

CUHS POOL OPENS LAST SWIM SESSION

Campbell Union Recreation swimming pool opened a new swimming instruction period Monday at the high school pool with 60 per cent of the applicants repeating former instruction.

Bill Perry, pool manager, says that 553 Campbell area children took advantage of the pool last week.

He estimates that over 2,000 lessons were given since the start of the program.

Perry also announced a new evening swimming policy for evening swimming.

The pool will be open Monday, Wednesday and Friday every week from 7 p.m. to 9 p.m. If attendance is low the pool will be closed at 8 p.m. The pool will open regardless of the weather, Perry said.

Perry also mentioned the possibility of competitive swim sessions to replace the morning instruction at the completion of the final session.

LEGIONAIRES TO SPONSOR VET PARTY

Arrangements being completed by Guy W. Smith of Campbell, 13th American Legion Hospital chairman will afford a number of veterans hospital patients the opportunity to see the hilarious Gas Light Follies and Gay Nineties Revue to be sponsored by San Jose Post No. 89, Inc., at San Jose's Mission Theater Sept. 4 through 7.

Ten acts of the type popular in the days of the horseless carriage, the linen duster and the derby hat will be on the rib-tickling, wholesome comedy show which will aid the post's veterans rehabilitation and youth welfare programs. Among the artists appearing will be Miss Patsy Parker, noted stage and radio featured singer; the Gay Blades, who were starred in "The Drunkard" for several seasons; Vince Silk and his Gas Light Troubadors, Little Egypt, the Can Can girls and a number of other high-class acts. In addition there will be a short old-time movie and a Gay Nineties display in the theater foyer.

Smith is co-operating with San Jose Post Commander Hayes Keesling in arranging for attendance of a number of veterans' hospital patients at the show. Transportation to and from Palo Alto and Livermore Veterans Hospital is being provided.

SALARIES SET FOR CITY CLERK AND TREASURER

Campbell City Council Monday night adopted a recommendation to pay City Clerk $300 monthly and City Treasurer $30.

City Attorney Joseph A. Bonacina was asked to prepare an ordinance to that effect.

In other action the council denied a rezoning permit to Emil Chandler to construct a three-dwelling apartment on a lot on Central Ave. 50 feet north of Tubby Ave.

Permit was denied on the recommendation of planning consultant Nestor Barrett, who said that the 75x125 foot lot would create an area of "excessive density."

Eldridge Thurmon's application for a rezoning permit for extension of his used car lot on Winchester Road was denied on the ground that it would create a traffic hazard, and because burning, associated with the business, would not fit in that locality.

On a complaint registered by residents in the vicinity of Campbell Hatchery who charged that flies and odor were creating a nuisance, city council directed city clerk Mrs. Dorothy Trevethan to contact the County Health Office to conduct a fact finding study and to report to the Council at a later date.

Mark Thomas, city engineer, submitted a report on State allocated gas tax funds.

A balance of $16,556.55 for new construction of major streets in the city can still be budgeted for the current fiscal year, according to the report. To date the city has already budgeted for maintenance of city streets, $8,028 of the total $24,584.55

Apportionment for the current fiscal year which ends March 31 1952 is $45,014.55. Estimated 1953 apportionment is $20,070.

STATE FUNDS FOR CAMPBELL GET ACTION

Campbell's state allotment of $59,000 in matching (Christmas Tree) funds for sewers, public building site acquisition and construction while voted at a special legislative session last March aren't worth anything without the Governor's signature on a proclamation to permit action on an enlarged allocation.

The document requiring the Governor's signature was flown to him at Santa Barbara.

Legislative committees already have approved the bills which would give the recently-incorporated cities of Fontana $142,000, Carlsbad $72,000 and Campbell $59,000 on a matching basis.

Subsequent incorporation of Fontana and Carlsbad would lessen the amount allocated to Campbell by about $6,000 unless they were also granted their own allocation.

The funds must be matched by the city and are made available on a priority basis with sewers heading the list. Public buildings come next with allotments for plans and specifications, site acquisition and actual construction to be made in that order.

LIONS CLUB PLAY W. G.

Campbell Lion's Club will play Willow Glen Lions in a softball game scheduled for tonight at Burbank School diamond.

Next big activity of the local organization will be their rummage sale to be held Saturday August 23, at 1 p.m. at the location of the former Burnett's Store on Campbell Ave.

At their last meeting Tuesday at Country Women's Culbhouse members heard guest speaker, Elwood Mitchell, Supervisor of Campbell Union High School summer recreation program and Bill Perry, CUHS pool manager, outline the summer activities of the program.

Both Mitchell and Perry emphasized the success of the program especially the unexpected attendance at the High School swimming pool at which 21,000 children participated during the month of July.

LOCAL NAVY PILOT'S WIFE JOINS HUSBAND RETURNED FROM KOREA

Mrs. Edith F. Russell, 183 Alice Way left Campbell last week to join her husband, Lt. Cmdr. Allard G. Russell, USN, who returned from Korea Friday aboard the carrier USS Philippine Sea.

Mrs. Maude Douse, Apricot Ave., is caring for the Russell children, Donna Jean, 2, Dianne, 3, Joan, 7 and Ronnie, 9, during Mrs. Russell's absence.

Lt. Cmdr. ALLARD RUSSELL . . . Home from Korea

Lt. Cmdr. Russell who during World War II was probably the youngest squadron skipper in the history of Naval aviation at 25 is presently in charge of a detachment of Composite Squadron three.

The squadron, composed of special radar-equipped Corsair fighter-bombers, was assigned the task of making dawn and dusk attacks against supply and communication routes in enemy-held Korea.

Russel recently received his third Air Medal award for meritorious achievement as flight leader of a dawn heckler group which destroyed a total of 33 enemy trucks in an early morning raid south of Wonsan. This total probably marks the largest number of trucks demolished by any single night-fighter strike in Korea.

In this attack Russell personally destroyed 13 trucks, a pair of smaller vehicles, and a large supply dump.

Born at Williston, N. Y. in 1920, Lt. Cmdr. Russell graduated from high school in Aberdeen, Wash., in 1938. He then attended the University of Washington at Seattle for more than two years, until entering Navy flight training in November 1940. He was designated naval aviator in August 1941 at Pensacola, Fla.

In November 1941 he joined Scouting Squadron three, and, shortly after World War II broke out, left for the Pacific war theater on the carrier USS Saratoga. While with Scouting Squadron three he was awarded the Presidential Unit Citation.

The Squadron was cited for its dive-bombing work in support of the 1st Marine Division at Guadalcanal in 1942. While with VS-3 he also received a pair of Distinguished Flying Crosses and two Air Medal awards.

In January 1943, Lt. Cmdr. Russell was assigned as a dive-bombing instructor at NAS Daytona Beach, Fla. Ordered to the escort carrier USS Card as assistant air officer in April 1944, he soon left for anti-submarine warfare in the Atlantic.

In January 1945 he joined the Fighting Squadron 52 at Quonset Point, R.I., but a few months later was sent to Fighting Squadron five at Klamath Falls, Ore.

Lt. Cmdr. Russell remained with VT-5 until late in 1947, taking the squadron on several Pacific cruises aboard the carrier USS Shangri La, including a trip to Australia.

Coroner Cases Cause Complaint By Rutherford

David F. Rutherford, operator of the Rutherford Funeral Home on Winchester Road, last Friday presented a brief of complaints concerning alledged coroner irregularities to the County Grand Jury, even though there was a delay in jury consideration.

Due to a misunderstanding as to the time at which he was to appear, Rutherford failed to present his complaint through his attorney Norman Stoner, to Mrs. Luclie H. Buchan and her health and sanitation committee which convened one hour before the regular Grand Jury session. Rutherford did manage, however, to present his brief.

In it, Rutherford said he is asking the Grand Jury to recommend a change of coroner policy so that all telephone calls relating to deaths under coroner conditions will funnel through the Coroner or his chief deputy and that all political discrimination on the part of the Coroner be prohibited by an administrative code in the County Charter.

"As it now stands," Rutherford said, "after working hours, there is no central responsibility on the part of the Coroner's office in the matter of telephone calls concerning deaths under coroner conditions."

"A telephone answering agency receives the calls and contacts one of the undertaker deputies to handle the matter. Irregularities come about because of frequent change of switchboard personnel."

"It has happened," he continued, "that relatives, requesting a certain funeral director have suffered the embarrasment of having to retrieve the remains from a mortician who made use of his deputy coroner powers without family authority."

Rutherford alleges political discrimination by the County Coroner which he says, places him at an economic disadvantage.

"Every funeral director in the county, except me, has been deputized," he said.

Open House Next Wednesday

With only one more week to go before the close of the Campbell Union High School recreation program overall director Elwood Mitchell has arranged a parent's open house for Wednesday August 20 from 7 p.m. to 8 p.m. at each of the five elementary schools.

Displays of summer crafts work done by the children under the direction of playground leaders will be the attraction at each of the schools.

Participating schools include Cambrian, Moreland, Campbell, Moorpark and Burbank.

Parents will have the opportunity to purchase any of the items on display made by the children.

SCHOOL GUARDS ASKED FOR LOCAL CHILDREN

Laurence J. Hill, Campbell Union School District head Monday night asked the city Council to install a traffic safety guard at the corner of Campbell Aves. and Winchester Road to safeguard crossing school children.

Earlier, the district had petitioned Santa Clara City Council to install a traffic guard on Stevens Creek Road to escort children attending the district's Cypress School across the highway.

CAMPBELLITE DIES IN CRASH; OTHERS HURT

John L. Smiley, 32, of 14340 Lenray Lane, Campbell died in San Jose Hospital from hurts suffered when struck down while walking across Monterey Highway near San Martin Friday night.

Smiley was a photoengraver for International Business Machines Company in San Jose. Funeral services were held Tuesday in Santa Clara.

Smiley's death brought to 57 the number of accidents in Santa Clara County this year. Last year's total at this time was 81.

Two Campbell youths, Frank Archer, 14, and Yeiki Toyaea, 14, received minor hurts in a two-car crash at San Tomas and McCoy roads.

TRAFFIC ORDINANCE IN DRAFTING STAGE; LOCAL MERCHANTS PROTEST PARKING CONGESTION IN CITY

A framework traffic ordinance patterned after that used in Mountain View is in the rough draft stage at the office of City Attorney Joseph A. Bonacina. City Council voted to prepare the ordinance for adoption Monday after chairman of the health and safety committee Dr. J. Frederick Snyder had reported the matter out of committee.

Specific references to parking zones, arterial stop signs, loading zones and designation of through highways will be adopted later by resolution.

The ordinance will be an emergency measure effective after its final reading.

The matter was discussed none too soon, for at Monday's meeting L. E. Means, Campbell Ave. druggist representing Campbell merchants, appeared to ask that action be taken on parking congestion created by Hunt's Cannery employees which was posing a "serious threat" to business because it blocks customer parking.

The county ordinance which limited parking to two hours is no longer in effect, Means pointed out. He said there were no cars parked on the lot which the cannery provides off Harrison Ave.

E. A. Hansell, plant superintendent, also at the meeting, explained that the time the cannery wanted to establish a parking lot directly off Harrison Ave. residents of that street objected and the parking lot had to be placed back from the street.

Hansell asked that the council designate as a loading zone the east side of Harrison Ave. from three parking places north of Campbell Ave. to the cannery's scale. This is a loading zone which the company has appropriated and is now policing with its own guard.

He also said that if the cannery could use the area just off the street for parking the company would consider preparing it for use for employee parking.

The city will have difficulty enforcing parking regulations because there is no city court. Fines cannot be levied for violation of purely city ordinances such as parking.

CITY FIREMEN DRAFT NEW SET OF BY-LAWS

While the Campbell Fire Department has not been too busy fighting fires during the week, they have been busy drafting a new set of by-laws to be submitted for approval of the City Council.

Principal change is that fire department will be, known as Campbell Fire department instead of Campbell volunteers.

Fire chief will now be appointed by City Council instead of elected by firemen as under the old setup.

Old manpower limit of 25 men has been changed now that territory to be covered has increased to a number deemed necessary by Fire Chief and City Council.

Fire chief Jack B. Scott esti- the department will need five new members to bring the total manpower up to 30 men.

Under the old setup volunteer firemen had to live in the district. New setup is that Firemen may be appointed who conduct their business in the city but they do not necessarily have to live here.

Equipment designations have been eliminated under the new setup. New system is that officers and men will be assigned to man equipment as deemed necessary by the chief.

Although Dennis McCoy of McCoy Ave., had an enjoyable time at a two week stay at YMCA camp in Garberville, he suffered a broken arm during some of the more strenuous camping activities.

ROTARY, CUHS FIELD DAY AWARDS RIBBONS TO OVER 300 CONTESTANTS

The first district wide playday for the Campbell Union High School Recreation program proved an entirely successful event last Thursday as 300 boys and girls from the seven playgrounds competed for ribbons on the high school field.

Competition was staged on an age basis and many races were run in those age divisions in which there were large numbers of children.

One hundred fifty red, white and blue ribbons with appropriate lettering were provided by the Campbell Rotary Club for the first, second and third place winners in each event.

The final event of the afternoon consisted of a huge relay race in which all the 300 children participated. Its' winners were as follows:

Girls 5 & 6 years old
(25 yard dash)

1st race—
1. Mary Nunes, Union
2. Karen Rennert, Moorpark
3. Gloria Carpenter, Campbell

2nd race—
1. Donna Marie Kessling, Union
2. Joan Von Herman, Moreland
3. Barbara Swanson, Union

3rd race—
1. Vicki Tedford, Campbell
2. Nancy Beck, Moreland
3. Janis Powell, San Tomas

Boys 5 & 6 years old
(25 yard dash)

1st race—
1. Larry Duus, San Tomas
2. Steve Lock, Moreland
3. Kirk McGill, Campbell

2nd race—
1. Dave Cross, Moorpark
2. Bill Sheeder, Cambrian
3. Dan Caputo, Moorpark

3rd race—
1. John Seidensoll, Moorpark
2. Ed Neenan, Moorpark
3. Steve Prinz, Moreland

Girls 7 & 8 years old
(35 yard dash)

1st race—
1. Pat Frost, Burbank
2. Nancy Prinz, Moreland
3. Karen Cook, Campbell

2nd race—
1. Roeanna Dorcich, Burbank
2. Judy Hammer, Campbell
3. Darlene Scott, Burbank

3rd race—
1. Lanette Duus, San Tomas
2. Donna Montrezza, Cambrian
3. Bonnie Whitton, Campbell

Grammar School Lisots Winners In Field - Day

The big event of the week for Campbell Elementary Recreation was a field day meet on the Campbell High School field. Recreation centers, which participated in the event, included Burbank, Moorpark, Campbell, Moreland, Cambrian, Union and San Tomas. Dashes, relays, shoe races and sack races were entered by children of all ages. Winners of ribbons from the Campbell Center included Claire Williamson, Steve Kallam, Barbara Gleason, Virginia Davis, Phyllis Plymale, Carol DeVita, Vickie Tedford, Robert Lara, Kurt McGill, Gloria Carpenter, Connie Loveday, Ronald Carpenter, Victor Lara, Ruth Williamson, Robert Brunn, Phil Marsh, Bonnie Whitten, Paul Kallam, Michael DeRose, Diane Johnson, Larry Tyrell, Claire Williamson and Karen Cook.

Brother From Italy At Sunseri Home

Visiting 54-year-old Campbell rancher Joseph Sunseri at his home Route 2, Box 159, is his younger brother, Russell, 40, from Trabia, Italy.

The visit marks the first time the brothers had met. Joseph came to the United States with his father when he was 13. His father went back to Trabia a few years later and Russel was born after his return. Joseph remained in the U.S. and never has been back. This year Russell came over for a three-month visit. All the rest of the family is in Trabia.

(Continued on Page 4)

Dorothy Carman Becomes Bride Of James Dodd At Sunday Rites

Miss Dorothy Aline Carman was married to James H. Dodd Jr., at the Trinity Episcopal Church at 2:00 p.m. Sunday Aug. 3rd. The Rev. Mark Rifenbark officiated. The church was decorated with baskets of white gladioli and stock.

Dorothy was escorted to the altar by her father, Hugh Carman. The bride wore a gown of white slipper satin with a lace inset yolk, fitted bodice and lace gloves. Her fingertip veil was held in place by a Mary Queen of Scotts crown. She carried a white Bible centered with a white orchid and satin streamers with bouvardia. The Bible had been carried by Dorothy's grandmother when she was married.

Miss Barbara Weltz, cousin of the bride, was the Maid of Honor. She wore a pale avender gown of taffeta with a bouffant net overskirt. The gown was strapless with a matching net stole. She wore a Juliet cap of lavender satin ribbons and carried a French bouquet of pink carnations.

Mrs. Carrol Johns, sister of the bride, attended her sister as bridesmaid. Her gown was fashioned the same as the Maid of Honors' and was pale green. She carried a French bouquet of yellow carnations.

Edward McMurphy served the groom as best man. The ushers were Carroll Johns, Kenneth Wagner, and Jack Spannbauer.

Mrs. Hugh Carman, mother of the bride, wore a rose lace afternoon gown with black accessories and a corsage of gardinias.

Mrs. Catherine Dodd, who flew here from Coral Gables, Florida, to attend her son's wedding, chose a beige afternoon dress with a matching bolero and accessories and a corsage of yellow roses.

Following the ceremony the newlyweds greeted their guests at a reception held at the De Anza Hotel. The three-tiered cake was flanked by arrangements of gardinias and tapers. Miss Marie Carman, sister of the bride, was in charge of the Guest Book.

When the bride joined her husband for a wedding trip to Southern California she wore as her going away ensemble a beige linen suit with black accessories. At her shoulder was a white orchid corsage.

The bride is the daughter of Mr. and Mrs. Hugh Carman of Campbell. She was graduated from Los Gatos Union High School and has been employed locally.

James is the son of Mrs. Catherine Dodd of Coral Gables, Florida and James H. Dodd of St. Paul, Minnesota. He was graduated from schools in St. Paul and has been serving in the Navy for the past six years.

The newlyweds are now at home in Mt. View.

Campbell Baptists Plan Vacation Bible School

All children of the Campbell area are invited to the Daily Vacation Bible School, August 18 through 29 in the Campbell Baptist Church, 115 Sunnyside Ave., as announced by the Pastor, Rev. Lyle E. Cushman.

Thirteen local residents are workers in the school:

Junior Department: Mrs. Nelson, Mrs. Hammonds, Mrs. Savage, Miss Roberta Nelson; Primary Department: Mrs. Osterberg, Mrs. Nevils, Mrs. Elsey, Mrs. Decker. Beginners Department: Mrs. Cushman, Mrs. Clark, Mrs. Payne, Miss Sue Williamson.

Mrs. Earl Clark will have charge of the music during the two week sessions.

Things to make, games, singing, bible stories, prizes, are scheduled for those who attend.

LEGION MEETS. HEARS REPORTS

Campbell Post 596 of the American Legion held its regular meeting at the IOOF Hall Wednesday.

Refreshments were served and several reports were read and discussd.

The meeting was presided over by Z. D. Tennison, commander and G. W. Smith, adjutant.

St. Lucy's Y.L.I. Appoints Heads For Festival

At the last meeting of St. Lucy's Institute No. 204 Y.L.I., two new members were initiated: Miss Marlene Moore and Mrs. Josephine Paquin.

In the absence of the President, Mrs. Eugene Hine, the initiation ceremonies and business meeting was presided over by the first vice-prseident, Mrs. M. J. McCulloch.

Important business of the evening was the coming St. Lucy's Festival. Chairmen appointed were Mrs. Mowery, chairman of the doll booth; Mrs. Murphy and Mrs. McGlynn in charge of the Pony Rides; Mrs. Ray Martin, chairman of the fancy work booth and Mrs. M. J. McCulloch chairman of the Country Store booth.

Mrs. Mowery, Mrs. Martin, Mrs. Lester and Miss Marguerite Kerr have worked with all the Festival Committee in preparation for this whole affair.

All Y.L.I. members have enjoyed making dolls and collecting fancy work to donate.

WSCS CLUBS TO MEET DURING WEEK

Three circles of Women's Society Christian Service clubs will hold meetings next week. Circle number five will meet with their leader, Mrs. Howard Guilbert, at 7:45 p.m. on the 19th at the Methodist parish house.

Circle number two, Mrs. Henry French, leadre, will meet at the home of Mrs. Nelson Cowdery, on North Second Street, at 10 a.m. for frunch on the 21st of August.

Circle number one will enjoy a pot-luck luncheon with their leader, Mrs. Erie McCall, on Budd Ave., on the 21st at 12:30 p.m.

Francis Allen, secretary to Judge Martin S. Walsh, Campbell Justice of the Peace, returned to work Monday from a one week vacation.

She spent the time at home, 130 Giles Way, entertaining relatives and houseguests except for two trips to San Francisco with her husband, Ed, who is also vacationing.

Society... Personals... Clubs... Organizations...

ST. LUCY'S INSTALL NEW MEMBERS

The biggest event of its kind in the history of St. Lucy's Parish will take place this Saturday and Sunday at grounds next to St. Lucy's Church on South Third Street, when the parish presents its parish Harvest Festival.

Festivities are scheduled to begin at 1 p.m. each day, and will continue through the evening.

Gaiety and entertainment will prevail throughout the two-day Festival, day and night, according to festival co-chairmen William Clark, Mrs. Eugene Hines, Mrs. Ray Fish, Mrs. J. F. Levenberg, Mrs. Ray Martin, and Patrick McNally, and full schedule has been planned.

A variety of games is programmed to meet the fancy of all, young and old, with pony rides and specially selected games for the enjoyment of the very young.

The Young Marjan Orchestra of Watsonville will be a special Saturday night feature and will provide unique Fiesta music that has made them popular in many Northern California communities.

Distribution of an attractive array of awards will be made Sunday evening, while food and refreshments will be served at all times during the two-day festivities.

There will be no admission charge and the public is invited.

CAMPBELLITE AT LUNCHEON

Mrs. George Ninis, 543 S. Winchester, was one of the Republican women attending a luncheon Monday at the Hotel De Anza as part of the Republican Finance Campaign throughout the country.

General chairman Fred J. Fletcher of San Jose and Vice-chairman Albert R. Bower of Palo Alto, reported on plans for a Sponsor's Luncheon August 22 that will "kick off" intensive solicitation which will reach its climax in a $100-a-plate crusade to a victory dinner in San Jose in mid-September.

A rummage sale will be held August 28-29 and 30 at 283 East Campbell Ave., sponsored by the Star Circle of Eastern Star, Mrs. Clara Beede Baldwin, chairman announced thsi week.

Garden Club Plans Tropical Theme Display

The beautiful home and gardens of Mrs. Oliver C. Jensen, 102 North Second Street, was the setting for the August 6th meeting of the Campbell Garden Club. Business session was conducted by the Club president, Mrs. Anthony Leal. Mrs. Charles F. Smith, chairman for the Fair project, announced the Club would enter an informal garden display this year, with the theme to be a tropical one.

Excerpts from Norval Gillespie's book "Pacific Coast Garden Guide," were read by Mrs. H. G. Blohm, with reference to the growing of tuberous begonias. Mrs. A. Smith spoke from practical experience on how to start, and then care for, tuberous begonias. Mrs. John Cantoni showed slides of the begonia gardens in Capitola, as well as slides of former flower shows the Club has had.

Two new members, Mrs. C. C. Kirscher, and Mrs. Marion Barton, were admitted to the Club's roster.

Mrs. George Kolze, program chairman, announced the next Club meeting would be August 20th, and would be held in the gardensof Mrs. Lloyd W. Brown, 811 N. San Jose-Los Gatos Road. Speaker for this meeting will be on home landscaping.

After the business meeting, a tour of the gardens was made, and punch was served by the hostess, Mrs. Oliver Jensen.

St. Lucy's Women Make Festival Plans

St. Lucy's Women's Club held a special meeting at the home of the President, Mrs. Ray Fish on Wednesday evening of last week.

Plans were completed for helping with the Parish Festival to be held on Saturday and Sunday of this week.

All the ladies will be busy with fancy work or helping with refreshments and the flower booth.

Nieces MARYANNE GOLDEN and SUSAN GOLDEN, from Fresno are visiting the BUD LEVENBERGS at their San Jose-Los Gatos Road home for the summer months. They will return to Fresno for school opening.

Netops Council To Organize Bowling Team

Mrs. Carmin Falco conducted her first meeting as pocahontas when Netops Council No. 247 degree of Pocahontas convened Friday August 8, at IOOF Hall.

Arrangements are being made to organize a bowling team to be sponsored by Carmin Falco Automotive Machine Service. Members interested in joining are requested to attend the next regular meeting Friday August 22 at IOOF Hall, Campbell.

Mary Gray reported on her attendance at the Peninsula and Monterey Bay Area Association meeting July 27. She was appointed chairman of a committee to serve at the next session of that organization September 28.

Deputy Great Pocahontas Inez Means expressed her appreciation to the members for their co-operation during her term as deputy and wished for them continued success.

The Sequoia sewing circle will reconvene at the home of Vivien Johnson, 70 West Lattimer Street Wednesday September.

Refreshments were served after 1st meeting by Ruth Livingston, Esther Falco and their committeewomen.

NEWCOMERS

Recent additions to Campbell families included a son,, Don Ray born to Mr. and Mrs. George Parker Ard, P.O. Box 752. A daughter, Carol Vian, was born to Mr. and Mrs. Gordon Cyril Fischer, Rt. 2, Box 363 B, East Parr Ave.

A daughter, Karen Sue was born to Mr. and Mrs. Robert Tarkington Durham, 970 Elam Ave. at O'Connor Hospital.

Paul Randell was born to Mr. and Mrs. Harben Conway Sallee, 156 Dillon Ave.

The H. B. Roberts 796 Erin Way, are reunited again with the return of H. B. from a nine month's tour of duty with Food Machinery's research department at Pendleton, Oregon.

Stella Rebekahs To Hold Meeting Tuesday At IOOF

Stella Rebekah Lodge will present the Heart of Friendship and their program to Ada Rebekah Lodge on Aug. 19 at the IOOF Hall in Campbell at 8 p.m. The evening will be in charge of Mrs. Harley Poore chairman and her committee mesdames John Zamira, A. D. Rice, Andrew Olson, Carrie Steers, and Ernest Farley.

Members wore their prettiest cotton dresses at last regular meeting Aug. 5 with Noble Grand Mrs. Robert Crawley and Vice Grand Miss Rosella Wyse presiding. The hall and dining room were beautifully decorated to represent cotton growing. Delicious donuts, coffee and tea were served by the committee for the evening who were Mrs. Danford Perusnia chairman and Mesdames Fred Fellman, V. R. Fellman and Dubois Rhine.

Good fellowship chairman Mrs. Dubois Rhine announces the good fellowship pilgrimage to the children's home in Gilroy Sun. Aug. 17. All Lodges will participate in this. Picnic style lunches are requested. Ice cream will be furnished for the children at Gilroy by all the Lodges. Ada members will be at the IOOF Hall in Campbell at 12:30 p.m.

Highlight of the evening was the interesting and enlightening speech by Brother Charles Snyder P.G.M. Trustee of the Children's Home in Gilroy. Children there are given every opportunity and many have received further training in their choosen life's profession.

Next meeting of the Past Noble Grand's will be on Aug. 28 at the home of Mrs. Gene Hodges with Mrs. A. F. Zimmer as co-hostess. Stitching Club meeting will be announced latter.

Church Society To Meet Tonight

August meeting of Cambrían Park Methodist Church Women's Society of Christian Service will be held at 7:45 p.m. Thursday August 14 at the home of Mrs. James Goble, 14634 Nelson Court.

Mrs. Bertie Vekander will be co-hostess.

Sunday August 17, another charter membership service will be held. There will also be a baptismal service for the children.

Parents should contact the pastor, Miss Dorothy Gleason, 14905 Leigh Ave. or call Campbell 4764.

LANPHEARS FETED BY HOUSEWARMING

The new home of the ETHAN LANPHEARS on Sweet Briar Way was the recent scene of a housewarming by members of the Campbell Business and Professional Women's Club. Mrs. Lanphear was kept at home while the crowd gathered to arrive in a group and surprise her. After touring the lovely home and patio which the Lanphears are completing themselves the evening was spent playing games and ended with refreshments. Plans for the evening were made and executed by MRS. MAE BRAND and MRS. THELMA SOLARI.

SERVICE NOTES

Mr. and Mrs. O. A. Metz, Campbell residents for 12 years, presently living in San Jose, have received word that their son, George R. (Dick) Metz, is on his way home from Korea and is expected sometime this month.

Metz, who graduated from Campbell Union High School, attended San Jose State for three years majoring in aeronautics, before joining the army.

During his Korean Army service he was a crew chief on liason planes of the 51st Signal Battalion stationed at Jackson Air Strip at Uijongbu, Korea. His mother remembers the name because she received a Thanksgiving dinner menu from her son with the name printed on it.

Norman H. Weitzel is now serving in the U.S. Army at the Los Angeles Sub-Station in the Area Veterinary Detachment.

He inspects perishable foods and products to be consumed by the Army, Navy or Marine branches.

His wife, the former Jackie Alamada also of Campbell, has been living there with him.

On July 9, the stork paid them a visit with a twenty-three inch baby boy, weighing eight pounds, one and one-half ounces.

Mr. and Mrs. Weitzel and family are expecting to return to Campbell in February when Pfc Weitzel is discharged from the army.

CAMPBELL PRESS FOR FINE JOB PRINTING

Now's the time to let a competent heating man examine your heating system. He'll make sure that the vent pipe is in good condition and operating properly—to carry away gases and fumes!

You'll be glad next winter you had your gas heating system checked now!

Get immediate service by calling your heating man now—ahead of the rush season. Prices for repairs or replacements are attractive when work is unhurried. And, easy terms are available now!

Whenever you install a gas heater in any part of your home, let experienced heating men do the work . . . and have it inspected by local authorities to make sure it complies with safety regulations.

Call your heating contractor today!

Summer is the best time to have obsolete or inadequate heating equipment replaced. Gas is cheap—why not enjoy it at its best with good equipment . . . in good condition.

PRINTER'S DEVIL? No, just a pretty model, Janet Jackson, putting a modern automatic press through its paces. The press is one of three which will be operated in the San Francisco exhibit at the California State Fair in Sacramento, Aug. 28 to Sept. 7. The exhibit will feature printing and publishing, the city's second largest industry.

DeMolay Moms Do All Right At Gas Station

Complete returns are not yet available, but from all indication, the DeMolay mothers who manned the Ken Robert's Union Service Station gasoline pumps August 3, for the benefit of the local chapter, did all right for themselves and the organization, according to Mrs. Amye Roberts, who chairmanned the days' activities.

"We haven't figured out the total amount due us for those customers who charged their gas bills, but from actual sales we took in $38.00," Mrs. Roberts said.

"That doesn't include charges for other services such as two flat tire changes the ladies handled, she said, "but we are pleased with the days' results, and so is the men's organization."

The mothers manned the station with seven member shifts starting at 8 a.m. and continued until the station's close at 10 p.m. to help pay for organization expenses of the men's chapter of DeMolays.

EXPERT TIRE RECAPPING!

MARTIN BREITWIESER
Mgr. Tire Recapping Dept.

6.00x16
Exchange plus tax.
$7.95

42 years experience in the tire recapping business have given Martin Breitwieser the technical know-how and skill so necessary in this specialized work!

In 1910, "Marty's" first job was with Charlie Bean at the San Jose Rubber Works, where he was employed for 20 years. Moving to San Francisco, he spent the next six years with Pacific Tire Sales and Guilly & Lord of that city. In 1930, upon moving back to this area, "Marty" was employed by the Tire Service Company of San Jose, where he remained for the next ten years until his recent affiliation with Bud's Texaco and Drive-In Auto Supply.

ORCHARD CITY GRANGE HEARS REPORT ON CAMPBELL RECREATION PROGRAM

Orchard City Grange meeting in IOOF Hall Tuesday, presided over by Mrs. McChesney in the absence of regular master George Shattuck due to illness, hear various reports from committee members and enjoyed an illustrated lecture on the Campbell recreation summer program by directors Elwood Mitchell and Bill Perry.

The lecture program under direction of Mrs. Lucille Hoerler featured the summer recreation program which has been centering at the Campbell schools. The advanced string section of the Campbell Grammar School orchestra under direction of Richard O. Gordon presented several numbers which greatly appreciated by the audience. The members are as follows: Carolyn Brasch, Laura Gordon, Wallis Wardell, Mary Page, Harold Hall, Arthur Hill, Marian Gould, Eugen Andres, Nancy Schraub, and Kay Jean Morrell, the accompanist. There was a violin solo by Harold Hill, accompanied by Marian Gould, and also a clarinet duet by Arthur Hill and Eugen Andres.

After the concert an illustrated lecture was given on the summer recreation facilities on the High School campus. Colored slides were shown by Bill Perry and Elwood Mitchell which featured handiwork classes, music, and swimming. He told about the splended patronage the new swimming pool has been receiving. In 30 days there were 21,000 patrons. Children over 6 years old are allowed in swimming instruction classes. None under 6 are allowed in the pool. Adults are allowed in the pool on Monday evenings. The general health is protected by watchers who do not allow anyone in who has open sores or any bandages.

Harry Barnes gave a report on taxation particularly on the county level. There will be a public hearing on county budget matters Aug. 15, and he brought out the importance of the Grange protesting against the proposed high appropriations that will raise taxes in the end. The Grange passed a resolution to have the Executive Committee draw up a resolution of protest to the County Supervisors.

The Grange voted a resolution of thanks to newspapers for editorials on the Grange trees on July 31. These are the trees that are burned every year by railroad track crews.

A letter was read from George Schlmeyer, master of the State Grange, concerning a proposed barrier across the north part of San Francisco Bay which is part of the Reber Plan. The State Grange has gone on record favoring the project which it is assumed would free farmers from the salt water menance in their lands and provide a fresh water lake. This however conflicts with the views of Dan Kimball, Secretary of the Navy, who thinks it is alright to have a highway bridge connecting Richmond and San Rafael, but believes that any solid barrier would be a gigantic naval hazard.

The banquet hall was beautifully decorated for a party to honor some of the Grange couples. Those honored were Mr. and Mrs. Warren MacKenzie and Mr. and Mrs. John Brandt, recent newlyweds, Mr. and Mrs. A. J. Emery, Mr. and Mrs. Harry Barnes, and Mr. and Mrs. Herbert Shadle, who have celebrated recent anniversaries. David F. Rutherford sang a solo, "Love's Old Sweet Song" and led in appropriate community singing.

Committee for refreshments and decorations was Mrs. Frances Rexroat, Mrs. Genevieve Helmbold, Mrs. Muriel Smith, and Mrs. Pauline Stojanovich.

American Business Behind The Scenes

By REYNOLDS KNIGHT

NEW YORK, Aug. 4—Don't expect the ending of the steel strike to bring an immediate pick-up in business. It will take a long time for the nation to catch up. There will be shortages of some civilian products, notably appliances, this fall and possibly into the winter. This may stimulate some of that "scare buying" of the type that accompanied previous periods of scarcity.

Retailers and certain wholesalers have been living on their inventories recently. Inventories of most appliances were abundant to start with, but they are running down now, and there will be some delayed-action scarcities.

The fundamental sinews of trade —money supply—are still strong. Recent U.S. Treasury financing was heavily oversubscribed. Savings are at record highs. The stock market has been creeping up toward new highs, without fanfare. These things do not spell recession as yet.

THREE-WAY — Increasingly popular year-round home air conditioning recently got another boost with the introduction of an oil-fired unit by Servel, Inc., that should greatly widen the air conditioning market. With the oil-fired model, Servel becomes the first company offering "all three" —gas, steam and oil-operated types. So a homeowner now can pick the model which will save him most in fuel costs—an important sales factor.

Oil supply companies will be quite interested in the new air conditioner. For, as John A. Gilbreath, head of the firm's air conditioning division, points out: "Dealers normally have a bad summer-load factor with a terrific 'valley' in demand. Sales of oil-operated air conditioners in their territories will obviously mean steadier oil sales through the summer months when their trucks, personnel and facilities otherwise would be idle."

Like its sister All Year air conditioners, Servel's dual purpose oil-fired model will, at the flip of a switch, heat or cool, balance the humidity and filter and circulate the air.

THINGS TO COME—A new screen enamel which won't clog wire mesh and offers weather and rust protection . . . . Fireproof wall paneling, with a layer of aluminum between two layers of plastic . . . . A "spot-welding" device for securing plywood paneling employs high frequency radio energy to set the glue. According to the maker the "spot-welder," when used with quarter-inch plywood, gives results comparable to what previously was possible only with three-quarter-inch plywood . . . . Fire-resistant bulk filler for use in sleeping bags, mattresses and upholstering . . . . Snag-proof zippers which release threads and cloth by simply pressing the tab.

DANGEROUS FUTURE — The physical and psychological dangers the individual American will face in the future worry a great many people, but few are giving that aspect of the future as much thought as the executives of the nation's mutual fire and casualty insurance companies. After all(protection against risks is the reason the insurance business exists.

An effort to appraise the dangers we will face will be the core of the program of the 200th Anniversary of Mutual Insurance in America, scheduled for the week of October 12 in Philadelphia.

Executives now are studying the risks which will arise in the next few decades out of such diverse developments as: the growth of organized crime, advances in medicines, wider use of atomic energy, replacement of workers by electronic machines, shifts in population from country to city and from one section of the nation to another, changes in family life and in the status of women, new uses of psychological techniques and political and economic changes.

The modification of insurance protection in the light of these changes is extremely important and one of the principal problems facing the mutual insurance business.

PROFESSIONALS — The advantages of being in a profession is sometimes dubious, what with the expense of training, high operating costs and long, inconvenient working hours.

But there are advantages, too. For instance, the Department of Commerce notes that doctors, on the average, earned $12,518 in 1951, $980 more than in 1950. Lawyers averaged $9,375, up $303 while dentists averaged $7,743, up $450.

The worries that go with being in business for yourself sometimes pay off. Doctors working for themselves netted $3,856 more than their salaried professional brothers. Salaried lawyers made $1,261 more than independent lawyers.

BITS O' BUSINESS—A number of companies are expected to market shaving cream in air-pressure cans. They sell whipped cream that way—why not shaving cream? . . . . The government has moved to increase nylon supply by 100 million pounds by granting tax write-off benefits for four new plants . . . . Dacron, the new wonder fiber, however, will fall short of demand. Production will be doubled to six million pounds but demand is expected to rise even more sharply . . . . One out of every three families now has a television set . . . . For the first time in its 50-year history, "Financial World" will participate actively in the national non-partisan register-and-vote campaign. It will direct its effort to encourage all investor-savers to go to the polls.

Lillingstons Return From Lake Tahoe

White Road, San Jose. The huge barn covers over two acres and has the finest facilities for both exhibitors and spectators.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Despite bitter opposition, independent business again has the protection of fair trade laws. The bill enacted by Congress replaces a previous law knocked out by Supreme Court decision.

* * *

Because a barrage of propaganda was unleashed against fair trade laws, it is well to review the purpose of such a law.

C. W. Harder

* * *

Fair trade laws do not set prices on commodities, only on specific brands. Under the new law, a manufacturer must enter into fair price agreements with retailers in each state. The fair trade price is then established for the state.

* * *

Opposition argued fair trade prices create pegged prices.

* * *

This claim is erroneous, misleading.

* * *

Consider waffle irons, for example. The manufacturers of the Super Waffle Iron know they only have one chance of surviving in a field flooded with cheap waffle irons made both at home and abroad.

* * *

Their one chance to survive without cheapening their quality is to rely on independent stores throughout the nation who have reputations for standing behind their merchandise.

* * *

But huge merchandising combines, controlled by vast financial interests, look at waffle irons differently.

* * *

First of all, if they can sell the Super Waffle Iron at a loss, they can attract throngs of customers who will also buy other merchandise priced at a profit. At the same time, the independent merchant, with limited capital, cannot take the losses to compete. Independent competition is forced out.

* * *

But the effect is even more far reaching. The huge merchandising combines also wanting the manufacturing profit, make and put in their stores an imitation of the Super Waffle Iron of cheaper quality at a cheaper price, but because of the cheap quality, the cheap price yields a greater profit.

* * *

But people generally demand brands they recognize as the best quality. Therefore, if the merchandising combine is to sell its own brand in volume, the Super brand must disappear from the market place.

* * *

By making it impossible for independent merchants to sell the Super Waffle Iron, except at a loss, the brand disappears from the market, leaving the field open to the cheaper quality house brand.

* * *

With this new law, Super Waffle Irons still have price competition. Waffle irons, as a commodity, are not fair traded, just specific brands whose makers feel the product quality is such that the public is willing to pay for that extra quality. If the consumer wants to buy a cheaper brand, there is no law in the world to prevent her from doing so.

* * *

The fight to restore fair trade laws to the nation was a bitter one. At times it was even confusing due to the erroneous propaganda spread against the measure. But by organized effort of independent businessmen at all levels, manufacturers, wholesalers and retailers, the battle was won.

Masked Children Greet 'Bebe' At Union School

Mask making, a novelty field day, and a roller skating party topped off the activities at Union Elementary School for the week of August 4 to 8. The children made paper mache and paper bag masks to wear when they greeted "Bebe the Clown" at his appearance at Union School this Monday to entertain the children.

"Bebe" awarded prizes to the children of Union and Cambrian schools for the best costumes and masks. The winners from Union School were Jeanette Huston, Mary Nunes and Andy Banos for the best costumes. Winners of the awards for the best masks made out of paper mache were Jimmy Elliot, Dakie Bowden, and Robert Kesner. Prizes were also given to the makers of the best paper bag masks. These masks were made by children who arrived too late to make paper mache masks. First prize was won by Connie Vucinich, a visitor from Menlo Park, second prize was awarded to Andrea Vucinich her cousin from Union, and the third place was taken by her sister Annette Vucinich also from Menlo Park.

About 28 children from Union boarded the bus for Campbell High School and the "Novelty Field Day" which included the seven schools in the Campbell Union High School Area Recreation Program.

On Friday, August 8, approximately fifty children attended a roller skating party at the San Jose Rolatorium. This party terminated "Wheels Week" for which the children have been bringing skates, skooters, and home made vehicles to school.

Next week is swim week. A swimming party is planned for Thursday afternoon.

GETTING DRAFTIER FOR 4-F's, FATHERS

Nineteen-year-olds, 4Fs and married men with children will come in for closer scrutiny by the draft boards before long.

The dwindling manpower barrel and the continuing manpower demand is forcing a re-examination of those subject to call. The youngsters will probably be taken in greater number next spring and some 4F's will be reclassified. A survey made on second tests given mental 4F's showed that more than one in four were then judged fit for service.

Married men who had children to avoid military service (how can that be proved?) may also be inducted. The only thing certain is that everything will remain uncertain.

BIKE DAY SET FOR MOORPARK

On Friday, August 15, Moorpark Recreation will have a bike day in the afternoon. Ribbons will be given for decorated bicycles. Possibly a bike race for different age levels will be held.

Moorpark Open House will be held on Thursday night August 21. Parents are urged to visit to see the many articles the children have made during the summer.

On Wednesday August 20 at 10 a.m. some of the children from our recreation group will put on a puppet minstrel show for the childdren at the County Hospital. The puppets will then be given to the hospital children to play with.

4-H Club Solves Problem With Hoe

How would you go about increasing the production of field crops in Afghanistan by 500 percent?

Organize a commission, employ experts, ship in tractors and equipment, better seed, fertilizers, spend several million dollars?

Here is how it was actually accomplished:

"In Chipmunk Coulee near Stoddard, Wisconsin, 4-H club members heard the plaint of an American farm advisor in Afghanistan: 'These people here don't even have a hoe!' The club members took up a collection of $4.50. It bought a hoe which was sent to Afghanistan. Local blacksmiths hand-forged 100 copies. Afghan farmers were quick to see how much better the hoe was than the pointed sticks used for cultivating their crops since time beyond memory. Then a factory produced 30,000 hoes on the American pattern. Crops cultivated with hoes increased production five-fold."

SOLUTION OFTEN AT HAND

This is the introduction to an article by Oswald B. Anderson in The Nation's Agriculture. It deals with world unrest resulting from the desire of land-hungry masses for land. This brief account also forcibly illustrates the fact that while we are often inclined to search among the clouds for solutions to great problems, frequently the solutions are obscured in the shadows of our own feet.

Great problems are often only entangled masses of small problems. While the great problem may appear insoluble, the small problems which comprise it may well be within the grasp of every one of us.

Take, for instance, the problem of a more responsive, more efficient, more economical government—the earnset desire of every thoughtful taxpayer. Admittedly, the most effective way of realizing that objective would be a sweeping reformation imposed at at the top. Few feel equal to such a great responsibility.

INDIVIDUAL EFFORT VITAL

We need to remember that man's most striking accomplishments on a monumental scale in a brief span are usually destructive. Constructive accomplishments take time and the effort of many individuals. Shasta Dams are built by moving a comparatively few yards of earth and rock at a time, and later on, laying pieces of steel and buckets of concrete.

Efficient, economical government is secured by much the same process. Individual citizens striving to do just their small individual parts are the key. Having an interest in local affairs, taking notice of the official acts of public officials, becoming acquainted with them and letting them know of your interest, being concerned with the local schools, protesting what is not right, commending what is in the public interest—the leaven of such activity will spread farther than you imagine.

A simple hoe causes a revolution in Afghan agriculture. Alert individual citizens can bring similar sweeping changes for the good in our local communities, in our State, and in the Nation through the cumulative effect of innumerable simple acts of good citizenship.

Campbell Register

Campbell Methodist Church, guest speaker Dr. C. B. Sylvester. Theme "Good News for a Waking World." Mrs. Doreen Farr will sing a solo.

Mr. and Mrs. N. D. Thomson are the happy parents of a daughter, Louise Vivian, born July 27. An older brother, Larry, greeted his sister when she came home.

The proud grandparents are Mr. and Mrs. William Burnett of Campbell and Mr. Leland Thomson of Santa Cruz.

MR. and MRS. WENDELL Thomas, 15455 Lone Hill Road, with Nephew, will return Saturday from a short vacation trip to Longbarn.

Mr. and Mrs. E. A. Barr, 763 E. Campbell Ave., have just returned from a two weeks vacation to Montanna with their daughter, Susan, 6½.

The couple spent the time sightseeing and visiting relatives.

Mr. Barr works at Campbell Furniture and Appliance. Mrs. Barr teaches at Santa Clara Grammar School.

REV. HERBERT NEAL, has spent the past week as dean of one of the Methodist Institutes for 175 young people of high school and college age at Lake Tahoe. He is expected home this Saturday. Mrs. Neal has remained at home. The couple spent last week end at Big Basin.

MR. and MRS. CHARLES RUNNELLS and two children JANET and DAVID from Mulberry Grove, Illinois, unexpectedly arrived for a visit with MR. and MRS. R. B. EDWARDS, 744 East Campbell Ave., for a few days' visit on the way to visit relatives in Long Beach.

Dropping in to visit the visitors were MR. and MRS. LEWIS S. DAVIS of San Jose, and MRS. RUSSEL IMMEL, Saratoga. When the news of the arrival spread, Mr. and Mrs. Edwards' son-in-law and daughter, MR. and MRS. FRED COFFEE from San Lorenzo, drove down in a spanking new convertible.

Mr. and Mrs. S. N. Hedegarde expected back to their home, 117 N. Winchester Road, from a vacation trip to Yosemite. They expect to be home this week end.

Mr. and Mrs. Rex Kaber, 680 Emory are entertaining guests from Philadelphia.

David Beard, just turned six years old last Thursday is all set for another year being a space cadet, Hop-a-long Cassiday or any other real or imaginary character his fancy dictates with the presents he received at his birthday party at the home of his parents Mr. and Mrs. Harold Beard, 575 Kenneth Ave.

Fifteen neighborhood children participated in the fun, games, and refreshments and all brought along gifts ranging from a 2-gun holster to a man-sized baseball and bat. David attends San Tomas School.

MRS. GUSSIE BAKER, principal of Moreland Grammar School, has finally managed to get away for two weeks' vacation with her husband, after attending to the many details connected with the school. She and her husband are on a motoring trip along the northern California coast.

The 450 Guest Club met at the home of Mrs. Betty Murray for its second luncheon meeting.

Eleven persons were present. Door prize was won by Mrs. Gene Weick. Guests of the 450 Club were Mrs. Duarte and Mrs. Malone, both of Santa Clara.

Mr. and Mrs. Glen Breshears and family and Mr. and Mrs. Charles Goodwin and family are spending the week at Clear Lake. They plan to hunt and fish and do some just plain loafing.

American Legion Auxiliary will hold a rummage sale August 25 and 26 at 10 a.m. to dark in the old Burnett location on Campbell Ave.

Committee is in charge of Mrs. Herbert Myring assisted by other members of the Auxiliary.

Anyone with old clothes to donate for the sale should contact Mrs. Herbert Myring, 2826.

GREEN CROSS FOR SAFETY
An official public service message prepared by The Advertising Council in cooperation with the National Safety Council.

You've seen him pass you on the road . . . weaving in and out of traffic . . . beating a light . . . whizzing past school zones . . . driving without lights, brakes or brains.

"That crazy fool," you say, "anybody that drives like that ought to have his license taken away."

Of course, you're right. And he's wrong. *All* wrong. But remember, if you take one little chance for every thousand times you drive, you, too, are "that crazy fool."

And mister, the hospitals are full of 'em!

BE CAREFUL—the life you save may be your own!

Executive Secretary Agricultural Council of California

By RALPH H. TAYLOR

"Don't monkey with the bandwagon" was an expression of our boyhood days that should be a warning to those who think they can "monkey" with the fundamental laws of economics and get away with it.

Many people think that "to get something for nothing" is entirely within the realm of sound economics. But they forget that in doing so they only take from someone else. As long as this is on a voluntary or gift basis, the imbalance will veryquickly correct itself as the giver stops giving. But when one group takes from another by compulsion, whether it be by robbery or by government, disastrous results eventually follow.

The power to tax is the power to destroy. Governments, from the time of the Babylonians, have destroyed themselves because of the inability or the unwillingness of the politicians to look far enough ahead.

THE SIMPLE TRUTH

Henry Hazlitt, in his book entitled "Economics in One Lesson," suggests that "the whole of economics can be reduced to a single lesson, and that lesson can be reduced to a single sentence. The are of economics consists in looking not merely at the immediate but at the longer effects of any act or policy; it consists in tracing the consequences of that policy not merely for one group but for all groups.

"Nine-tenths of the economic fallacies that are working such dreadful harm in the world today are," says he, "the result of ignoring this lesson."

The grave question is whether deviations from the right course of action are ever sound or safe. Practical economists sometimes find an apparent need for such deviations when emergencies arise affecting large segments of the population. The difficulty is that having once deviated, it becomes easier to do it again. Each time it becomes increasingly difficult to get back onto the proper course.

Rigorous adherence to principle oftentimes is difficult in every field of human relationships. The expediency of the moment sometimes causes us to forget that the fundamental laws of economics are as inexorable as the laws of mechanics. Yet. because the results of breaking them are slower in becoming evident, there has come to be a popular idea that these laws can be changed by men to suit their own convenience.

ALL MUST BENEFIT

During the decade of the "Twenties" there was a popular idea widely promulgated that the experience of those "palmy days" proved that prosperity for the cities was no longer dependent on prosperity in the rural areas. The decade following the crash of 1929 quickly proved how wrong the fair-weather economists were.

The political campaigns this fall —National, State, and local—will be bitterly fought. The issues involved are more complex than at any other time in history. The future welfare of every person in this Nation as well as of their children and their children's children will be affected by the decisions made by the voters in the November elections. If ever there was a time when everyone should study the issues earnestly in the light of the one-sentence lesson in proposed by Mr. Hazlitt, now is that time. America's future, your future hangs in the balance.

EDITOR'S NOTE: This is the last Farme rs Corner column we shall publish for the ensuing six months. Mr. Taylor, author of the column, is going on leave for that period of time. We will resume the column on his return.

Mr. Taylor has expressed the hope that our readers may recognize the tremendous economic as well as political implications in the coming election campaigns, that those who have read his column from time to time may realize the responsibility that is theirs as voters, and that they will go beyond personalities and consider fundamental issues and their effect upon the future of this government and this Nation.

Local Adventists Join To Raise Huge Budget

Members of the Campbell Seventh Day Adventist Church are joining nearly 3,000 other Adventist congregations in North America Saturday morning, Aug. 16th, in a special offering to help meet the annual seven million dollar budget of the denomination's College of Medical Evangelists, according to Elder Glenn D. Swingle.

The medical education center is composed of eight professional schools all of which are approved by the American Medical Association. Since the institution was founded by the denomination in 1906, it has graduated more than 4,500 physicians, nurses, dietitians, and medical tehnicians.

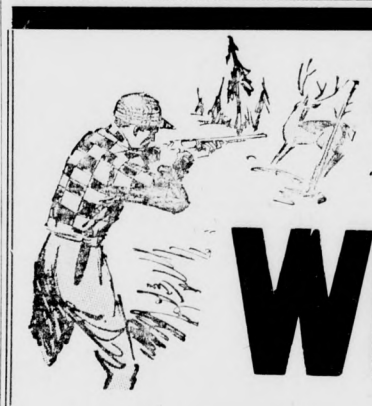

In addition to the school, the College of Medical Evangelists includes the White Memorial Hospital, of Los Angeles, and the Loma Linda Sanitarium and Hospital. These institutions have a combined patient capacity of approximately 400.

In the Campbell Church are: Dr. J. C. Kootsey, a graduate of Loma Linda, class of 1931. Offices on corner 3rd and Campbell Ave. Mrs. Kootsey (R.N.), a graduate nurse from Loma Linda, Mrs. Marian Gavin (R.N.), from White Memorial Hospital, Los Angeles. Mrs. Edith Hansen (R.N.), Loma Linda C.M.E.

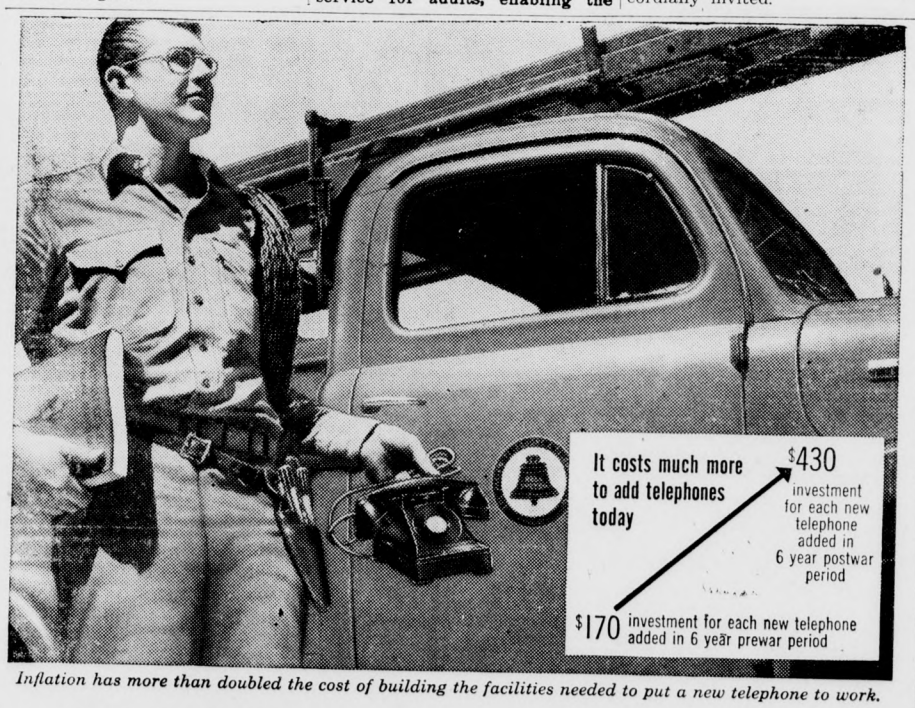

Many graduates are serving in the 161 Adventist hospitals and clinics around the world, many others are carrying on self supporting enterprises in overseas outposts.

MRS. J. J. Pardee is expected to return this week end from a vacation to Lake Tahoe. She left July 11th and has been visiting her son, John, at his home.

Inflation has more than doubled the cost of building the facilities needed to put a new telephone to work.

What inflation's done to your telephone

Our dollars buy less and less of the things we need to bring you good service

1. One of the brightest spots in your budget today is the telephone ... for the prices we charge have gone up much less than those of most other things you buy. In fact, taking 1940 as the starting point, Pacific Telephone prices are 61 per cent behind the average price increases of other things. On the other hand, we're up against a serious problem in furnishing good telephone service to you. For our dollars buy less equipment and supplies, fewer employee working hours—smaller amounts of all the things we need to build and operate a telephone system—than at any time since the first telephone was installed in the West 75 years ago.

2. For easy figuring, we've worked out our expenses on the basis of one telephone. And, as you can see, running our system costs much more today than it used to. The two big reasons are inflation and higher taxes. Consider their effect: On the average, wage rates of telephone people today are more than double what they were in 1940; while operating taxes on the average telephone have soared more than 100% since 1940.

3. Adding a new telephone since the war costs about twice as much as before the war. Yet the profit per telephone in 1951 was up only slightly over 1940—about a dollar a year. As a result, the profit on our investment in facilities for each new telephone has been more than cut in half. It's dropped from 5.3 cents on the dollar in 1940 to 2.3 cents in 1951. Surely, providing good telephone service under such conditions is a job full of challenge. And it's one we're determined to meet ... for perhaps never before has good and growing service been so vital to the nation.

REMEMBER THE DATE...
THURSDAY, AUGUST 21st!

MRS. HOUSEWIFE HAS BUSY TIME KEEPING HER FAMILY COOL

Mrs. Campbell Housewife is no refrigeration engineer, but when the heat's on, she's ready with tricks up her sleeve to keep her family's temperature normal.

Roast beef and smooth table cloths take just as much heat to produce in the middle of August as they do on a December weekend . . . but she's found ways to keep the heat where she wants it—away from tired hubby, sticky youngsters and her cool, quiet living room.

Generally, she adhears to a formula of simplicity—cut down strenuous living, excitement and confusion. Everything — clothing food and activities, and in the very hot weather should be cut to the simplest form in Mrs. Housewife's plan.

The degree to which she achieves this cool, quiet simplicity varies in every family.

It is acquired in as many ingenious ways as there are homes in the Campbell area.

Not surprising is the fact that she puts herself on the bottom of her list of "Hot Weather Worries."

First comes the comfort and health of her children; 2. her husband's comfort and disposition; 3. the atmosphere in her home; 4. the preparation of cool-looking and tasty meals, and 5. herself.

YOUNGSTERS VS. PRICKLY HEAT

Although the most common formula for a cool child, according to Campbell mothers is "as few clothes as possible,"; they are all aware of hot weather dangers.

They try to keep from chilling their children in their sometimes desperate attempts to keep cool, and they try to keep diets adequate, even though appetites wane.

Although most Campbell mothers admit the High School swimming pool is her "best friend," she feels that in really hot weather, a mother must setup a quieter schedule for young living.

She trys to bathe the children several times a day and encourages frequent naps. Their diets are lighter, of course, and she trys to have plently of cool—not cold—fruit juices on hand for them to drink.

The good old garden hose has replaced the good old swimming hole . . . and plenty of the young mothers secretly confide that when the temperature's really high, they don bathing suits and join the backyard fun.

FORMULA FOR A COOL HUSBAND

First, said all of the wives, avoid controversial discussions on days when the temperature is high—or it is sure to go higher.

They adopt the attitude—"give him his own way . . . it's only for a few weeks." Many of them said: "My husband is dressed wtih stiff collar and tie all day; I have a warm bath and a quiet supper waiting for him. Usually try to feed the children early and let them play outside."

One woman, however, took a different view, "Men have the advantage ALL the time; they can take off more clothes, and relax after an eight-hour day. We have to wash dishes and scrub up after popsicles incessantly."

Almost the unanimous trick for keeping Campbell area homes cool is that of closing every window and door, and drawing all the shades, during the day. At night the homes is opened and when possible, fans are used to bring in the cool night air.

Trees shading the back yard and a home located in a high shady area also keep the atmosphere cooler.

DOLLAR A MILE SPEED FINE SET BY JUDGE WALSH

Speeders on Campbell streets found out the hard way this week and last that it doesn't pay to ignore the signs posted on the highway—not with new officers Lou Doolittle and Robert Locke on the job.

Twenty-four traffic tickets have been issued since the force went into action August 1.

Judge Martin S. Walsh, Campbell Justice of the Peace, has fined these first offenders one dollar for every mile over the limit.

Biggest fine of the week was paid by Richard Lawrence Rose, 595 McGlincey Lane for failing to appear on three different counts —reckless driving and double parking citation in May and November and a citation for hazardous objects on his car on July 4.

On the face of the reckless driving charge issued July 9, a warrant was issued for his arrest. Rose posted $100 bail on August 7. On his appearance he was fined on all three counts and forfeited the bail.

Earlier, Paul C. Santina,23, 246 North White Road, San Jose and Bill Christian, 33, 2429 Mission Street, San Francisco, found it cost them a dollar a mile over the limit when they paid $55 fines for doing 80 miles an hour on Winchester Road in a 25 mile an hour zone.

In other police action this week, Thelma Wolkman and Alex S. Esprela were sentenced to five days in the County Jail in lieu of $20 fines for driving under the influence of intoxicating beverages.

A Two-hundred fifty dollar bond has been posted by Edna Hopper, 59½ North Third Street, San Jose, for drunken driving without a license. No date has been set for hearing.

PIONEER CLUB NEEDS NEW HOME

Pioneer Culb Building, on First Street, the meeting place for Campbell's older men for three years, leased to them by owners Mr. and Mrs. Harold Billings, is intended for another use. Campbell Pioneer Club now needs a new home.

Clara Beede Baldwin, organizer of the first club with the financial aid of Campbell residents, says that the oldsters are anxious to get started on their new club.

If there is a room available, she says, the Pioneers are capable of repairing it and making it usable. They are anxious to get started and elect new officers. They have all their own furniture.

For further information Mrs. Baldwin asks that interested persons phone her at Campbell 2359.

SAMUEL BARTH WINS BID FOR HAMILTON WORK

Low bid of $202,924 submitted by Samuel Barth, contractor now building Campbell Elementary School District's Cypress and Quito Schools was accepted by the District Board of Trustees, Thursday for construction of new Hamilton School, it was announced by William C. Henley, Superintendent of Campbell Elementary School District.

Construction on new school located at Quito and McCoy Aves., is slated to begin sometime this month.

Ten bids were submitted and ranged from Barth's low to a high of $216,098.

In addition to contemplated construction of five classrooms, a kindergarten, a multi-purpose room and administrative office, plans for additional construction at the Hamilton School was determined by the board, using funds from the local bond issue recently voted.

First part of the building program is expected to be completed around Easter time, but Henley expressed the hope that some of the classrooms would be available for use by school opening in the fall.

New construction will relieve some of the congestion at Campbell and Rosemary schools where eventual enrollment it expected to reach between 650-700 students.

"This will be the last project under the present State financed building program, Henley said. "Henceforth, building financing will be supported by local bond issues."

Hamilton School construction is expected to be completed in September, Henley said.

Bebe The Clown Proves Popular With Children

Bebe the clown visited the playground in the Campbell Union High School Recreation District on Monday and proved a very popular visitor.

Bebe advertising the California State Fair presented his magic show and passed out buttons on the playgrounds.

He was met by large crowds at each playground. Many of the children were dressed in costumes and masks which they had made in their recreation program classes.

Campbell Man Interested In Local Inventions

Has anyone built a better mousetrap? A more efficient potato peeler? Got a new gimmick for getting better milcage out of that old car? Are there any simple, workable plans lying unused on some budding inventors desk for want of a backer?

A Campbell man is interested. Leslie Kerr, retired Campbell resident, for 30 years a federal analytical auditor in Washington, D.C., and formerly active in Campbell affairs as a member of the taxation and revenue affairs of the committee for Campbell incorporation, extends an invitation to inventors in the Campbell area to submit ideas, or workable plans to his home at 20 West Lattimer Ave.

Kerr is interested in buying outright or manufacturing on a royalty basis a simple, workable, patented or unpatented invention that doesn't require too complicated a manufacturing setup, he said: "The plan must be simple; there must be a commercial use or need for the invention. I would be interested in looking over any plans anyone would care to submit and judge them on their merits."

At Union School and Cambrian Schools Bebe presented ribbons to winners of costumes contestants. In addition to ribbons provided by the playground leaders.

Bebe also awarded skull caps and bubble gum to each winner.

BURBANK WINS 23 RIBBONS AT NOVELTY RACES

Last Thursday, August 7, Burbank School came home with 23 ribbons won at the Novelty Races held at Campbell Union High School.

The events held were the 35 yard dash, 25 yard dash, 40 yard dash, 50 yard dash, shoe race, put and take relay, tire rolling race, obstacle race, sack race, and three-legged race. Winners from Burbank were: Pat Frost, Rae Anna Dorcich, Darlene Scott, Jerry Johnson, Bobby McCrory, Wayne Brelsford, Gary Swanson, Wayne Monahan, Michael Frost, Linda Martin, Jimmy McCrory, Richard Gadbury, Vincent Portera, Linda Martin, Robert Garcia, Gary Egan, Steve Hardy, Alfred Lopez, Charles Egan and Joyce Bangert.

Monday of this week Bebe the clown came to the playground and gave a magic show to over 40 children. It was a big success and everyone felt badly when the show was over and Bebe drove away in his truck.

A parade was held after the show for everyone in costume and mask, and prizes awarded for the best ones. Among the winners were: Lee Roy Crain, Jean Baldanzi, Darlene Scott, Linda Burger, Regina Gaynor, Ruby Ellis, Marilyn Keever, Mickey Brazier, Richard Gadbury.

On Friday, August 8, a talent show was planned for the Open House to be held at the Luther Burbank Playground on Thursday evening, August 21, at 7 p.m.

Tryouts were held and among those chosen were: Joetta Freitas, Linda Martin, Joan Bridges, Carol Bridges, Darlene Scott, Ted Sellitti, and Kathy Mannina.

It is hoped that all in the community who are interested in the program that has been offered at the school this summer will be present.

Tuesday, August 12, 2:30 p.m., Talent Show Rehearsal.

Friday, August 15, 2 p.m., Indian Powow—bring ten cents for watermelon.

Thursday, August 21, 7 p.m., Open House.

J. Frederic Snyders Off To "Kanakaland"

Dr. and Mrs. J. Frederick Snyder and daughter Judy left on the Lurline this Wednesday for a vacation in Honolulu. This trip is Judy's graduation present. Dr. Snyder intends to visit old doctor friends who practice there and, also, to visit island surgical clinics and hospitals. The Snyder's will return by air on Labor Day.
